

COP BATTLE FOR CHAIRMANSHIP SEEMS ASSURED

Acceptance of petitions for places on the primary ballot April 24 came to an end at 4 o'clock Monday afternoon with the number of candidates somewhat short of the number of offices to be filled.

With most offices on this year's ballot state or national posts, the county election board was accepting petitions only for Republican county chairman, Republican vice chairman and a total of 244 committee posts for the Republican and Democratic parties in the county.

At the filing deadline there were two contestants for Republican county chairman: Fred G. Pfeffer, Baltimore St. manufacturer who was listed as the "harmony" candidate in a prior announcement put out by Republican leaders, and William I. Shields, N. Washington St. auto salesman, and a former county chairman, who brought in a second petition Monday afternoon to add to the first petition he had previously filed.

Many Fail To File

There was but one candidate for Republican vice chairman, Mrs. Florance Hoke Fowler, 19 W. High St.

There were 188 candidates for the 244 committee posts, and the situation, as far as written-in votes will be concerned at the primary, was somewhat worse than appeared from those numbers. Three districts had no candidates at all: Hamiltonban No. 2, Mt. Pleasant No. 1 and Mt. Pleasant No. 2. Some other districts had more than enough candidates for the posts.

There were no Republicans at all listed in ten districts: Arendtsville, Germany, Hamiltonban No. 2, Littlestown First Ward, McSherrytown First Ward, McSherrytown Second Ward, Mt. Pleasant No. 1 and No. 2, Mt. Pleasant No. 3 and Union. There were no Democratic candidates in six districts: Biglerville, Hamiltonban No. 2, Huntingtown No. 2, Mt. Pleasant No. 1 and No. 2, and Tyrone No. 2. In some places there was only one candidate, as in McSherrytown First Ward where one lone Democrat had filed.

Democrats Short Too
The Democrats will fill 92 committee posts in April. There were 78 candidates who filed petitions for those posts. The Democrats will also fill 26 committee women posts, and there are 24 candidates. Out of the 85 Republicans who filed 20 are women.

The three Republican candidates for the three posts of Republican committeemen in Gettysburg First Ward, First Precinct, are women, Myrtle Shriver, E. Blanche Minter and Ida M. Pissel.

Women prevented the Republicans from drawing a blank in several districts. For example, Helen L. Snyder is the only Republican candidate in Gettysburg Second Ward and Emma V. Conner is the lone Republican in Conewago Township.

GOP List Uniform
The Republicans elect three committeemen for each of the 42 districts and make no discrimination concerning sex. Either a man or a woman may fill a Republican committee post.

The Democrats name committeemen from all districts, with variations as to number, and select committeewomen from some of the districts, again with variations as to number.

The persons who have filed for posts, with the number of Democrats from each district because of the variations, follow:

Complete List Of Candidates
Abbotstown: Democratic—George H. Hoffheims, O. G. Griffin, Gilbert H. Zeigler, Laverne Neff (two committeemen to be named); Republican, Gerald R. Harman, Martin F. Diller, Minnie M. Alwine.
Arendtsville: Democratic—Clyde Allison, Charles R. McDannell, (two committeemen to be named). No Republicans filed.

Bendersville: Democratic—Dale E. Clark, Marian Ohler (one committeeman and one committeewoman to be named); Republican—Clyde P. Orner Sr., Dale Crum.

Berwick: Democratic—Clyde E. Wagner, Earl O. Legore (two committeemen to be named); Republican—(Continued On Page 3)

SPEAKS ON ART IN PHOTOGRAPHY BEFORE GUILD

Dr. Charles A. Sloat of the Chemistry Department of Gettysburg College, speaking on "Art in Photography" said "the requisite of a good photograph is keeping the picture simple and in the words of Samuel Goldwyn — 'If it doesn't add to the picture — include it out.'" Dr. Sloat spoke Monday night at the monthly meeting of the Arts and Crafts Guild at 8 o'clock in the YWCA Building. Ernest Krape, president of the guild, presided at the meeting attended by about 40 members.

Dr. Sloat explained that the study of lithography and photography began in a small study, hobby group such as the Arts and Crafts Guild.

"Niepce, a Frenchman, made the first photograph in trying to improve the lithographic process. 'Another Frenchman, Daguerre, a celebrated artist, discovered the Daguerreotype process. He had gone as far as possible in representing detail in pictures by painting. Photography was Daguerre's next step in representing detail.'"

Elements of photographic composition such as the object of interest, point of view, balance, unity, predominating lines and light were stressed by the speaker.

Miss Jean Thomas, program chairman, introduced the speaker. Mr. and Mrs. Earl Delley, Mr. and Mrs. John Wadum and Mrs. Freda Jackson were the hosts and hostesses.

TRESPASS SUIT IS FILED HERE

Hermie R. Crum and her parents, Carmon F. and Edna G. Crum, Arendtsville, have instituted an action in trespass in Adams County court against H. L. Rouzer, Biglerville, as a result of an accident in Biglerville February 21, 1954.

Miss Crum and her parents are seeking payment of medical expenses, and a reimbursement for loss of wages and pain and suffering according to the complaint filed in the prothonotary's office in the trespass action.

Miss Crum was a passenger in a car operated by a sister, Ida Crum, Arendtsville, on S. Main St., Biglerville at 7:30 p.m. February 21, 1954. According to the complaint Rouzer, driving north while Miss Crum was driving south, made a left turn in front of the Crum car. In the collision Hermie Crum is said to have received cuts of the tongue, over the right eye and on the forehead and bruises of the knee. The cuts left scars which required plastic surgery, according to the complaint.

SAYS FORMOSA SHOULD BECOME "INDEPENDENT"

Miss Lily Chen, student at Wilson College, and daughter of a Chinese who escaped from the Chinese mainland to Formosa in 1949, said "as a personal opinion" that Formosa "should become an independent country to avoid assimilation by the Red Chinese" in a talk before the Rotary club at the YWCA Monday evening.

The young Chinese woman said her opinion was based "on a humanitarian attitude, because those 9,000,000 people on Formosa have a right not to be communist, and they are highly anti-communist and they have achieved a very stable government and economy."

She added that "I do not think Chiang Kai-Shek would approve of that idea, and it is strictly a personal opinion. But it would seem to me to be better than a war. I think that some wishful thinking goes into the idea that the nationalist Chinese armies can successfully attack and conquer the mainland. I don't think the Formosans, and again it is a personal opinion, would be very eager to see their sons go off and fight to get back into China proper, but on the other hand I think they would fight to the last man to protect their independence from Red China."

Chiang Is Respected

"I think Chiang Kai-Shek is much more highly respected and popular now than when he came to Formosa in 1949. Then the Formosans people felt a little sorry for him, as a great leader who had lost. Now, because of the economic development and education and stability he has given the Formosans people I think they respect him greatly for what he has done for Formosa."

Concerning the Chinese Reds, Miss Chen held "I think there is a good chance of China breaking away from Russia. There is a basic difference between the Chinese and the Russians and I think the Chinese will modify communism."

President Philip M. Jones presided at the meeting with 48 present. Paul Ecker was named chairman for the annual rummage sale. Vice President John Hostetter announced that Lt. Col. Don Williams will speak at next week's meeting. Dr. M. L. Stokes introduced Miss Chen. Group singing was led by Lt. Col. Eben R. Jones accompanied by Dr. Kenneth Smoke at the piano.

FIRE DAMAGES RIGGEAL HOME

Cleanup and reconstruction work started today at the charred, smoked and water-soaked home of Mr. and Mrs. Glenn Riggeal, near Rock Top Inn, above Cashtown, that was badly damaged by fire Saturday afternoon about 3 o'clock when an oil heater suspended under the first floor exploded.

Cashtown Fire Company responded quickly to an alarm and confined the fire damage to the basement and first floor, but the two-story log home was extensively damaged by smoke and water. Fire Chief Owen Bucher placed the loss at about \$2,500 with part of the damage covered by insurance.

Mrs. Riggeal and a daughter, Nancy, a Gettysburg High School student, were at home when the fire occurred. They heard the explosion. Smoke and flames spread rapidly. They were unable to reach the telephone operator and Nancy ran to Rock Top Inn where she gave the alarm.

Neighbors and firemen carried some furniture out of the burning home but much of the furniture and clothing was badly damaged.

INTERSECTION SCENE OF TWO CRASHES IN DAY

Two accidents were investigated by state police Monday at the intersection of the detour to Littlestown leading off the Hanover-Gettysburg Rd., three miles west of McSherrytown. In one of the crashes a foreign-made sports car was demolished and the driver injured.

William Schaeffer, 23, 136 Main St., McSherrytown, was the operator of the sport car. State police, who set the time of the crash at 2:30 o'clock Monday afternoon, said Schaeffer was driving east, toward McSherrytown. Kenneth Bostian, Middleburg, driving a truck owned by Donald Six, also of Middleburg, was headed west, and made a left turn into the detour toward Littlestown.

Police said the sport car collided with the right rear wheels of the truck, tearing the dual wheels completely from the vehicle, which was loaded with bricks.

May Have Fractured Skull
Schaeffer was removed in the Hanover ambulance to the Hanover Hospital where he was admitted with a possible fracture of the skull and lacerations over his head and body. He recently returned from Germany where he was a member of the Armed Forces.

Damage was estimated at \$4,000 to the sports car and \$500 to the truck.

The other crash at the intersection occurred at 7:40 o'clock Monday night. Police said William Reichert, 53, Hanover was headed east following a truck. When the truck stopped for the turn, according to police, Reichert, to avoid striking the truck swerved his car, lost control and hit parked cars owned by Lester W. Swisher, Hanover R. 5, and L. J. Explaining the three main forms of heart disease, he said, "The best way to prevent an attack is to learn to live one's own age."

Tells Hospital Costs

Speaking about the Warner Hospital, Dr. Wolff said, "People ask, 'Why, when I pay my bill, am I asked to donate to the operation of the hospital, to belong to the auxiliary and to work at the snack bar?' The reason is that you cannot run a hospital on an exact cost basis. If you did, you could not care for all the people who must have hospital care." He gave figures on the cost of operating the Warner Hospital and compared rate and service costs charged with the actual cost of operation.

CHECK RECORDS OF DELAWARE BRIDGE BOARD

MORRISVILLE, Pa. (P)—A Pennsylvania Legislature committee investigating alleged lavish spending by the Delaware River Joint Toll Bridge Commission today prepared to study the commission's records of personnel and inventories.

A demand for the records was made by the committee yesterday after its members and newsmen toured the million-dollar commission administration building here. The commission operates 5 toll bridges and 10 free spans on the Delaware River.

"The lavishly furnished offices showed a gross disregard of the toll-payer's money," said Pennsylvania Atty. Gen. Herbert B. Cohen following the tour.

\$5,230 Table
In one room alone of the four-story structure built four years ago, committee members found the following, according to Chairman Joseph J. Yosko, a Northampton County Democratic state senator: Furnishings costing a total of \$22,287.17, including \$5,230 for a conference table, \$5,287 for oriental rugs, \$590 for glass table tops and \$5,700 for 30 leather chairs.

These furnishings were in the commission's board headquarters. Towing the four-floor structure that actually is part of the toll bridge which spans the Delaware River between Morrisville and Trenton, N.J., were Yosko, Cohen, Atty. Gen. Grover C. Rihman Jr. of New Jersey, two members of the Pennsylvania House, A. Patrick Brennan (D-Bucks) and Van D. Yetter (D-Monroe); Sen. Wayne Dumont (R-Warren), president of the New Jersey state Senate, and members of the Pennsylvania Department of Justice.

To Meet Thursday
Yosko said his committee will meet in Harrisburg Thursday in executive session and "plan our next step in this probe." He said he had invited three of Pennsylvania's five commission members to testify at the executive session. They are: State Highways Secretary Joseph Lawler, State Treasurer Weldon B. Heyburn, and State Adj. Gen. Charles R. Barber. All are commission members by virtue of their state offices.

In addition, Yosko said he has "every intention" of summoning also commission members from New Jersey, headed by Leslie Brown of Trenton, commission chairman, who was asked to resign.

"I don't see why anybody will refuse to testify if he has nothing to hide," Yosko said.

COLLABORATOR'S TERM SHORTENED

FT. MEADE, Md. (P)—Lt. Gen. Floyd L. Parks has been reduced to one year the 15-year sentence imposed on Sgt. William E. Banghart, 28, of Muncy, Pa., who was accused of collaboration while a prisoner in Korea, Second Army Headquarters announced today.

Unchanged by Parks review, the announcement said, was the dishonorable discharge and total forfeiture of pay and allowances ordered by a military court last Feb. 6.

Banghart, of 240 Railroad St., Muncy, will be confined at the U.S. Disciplinary Barracks in New Cumberland, Pa., pending action by a board of review.

"Accusations Are Unfounded"
Second Army said that Gen. Parks "in granting leniency in this case . . . was motivated by the fact that none of the allegations against Banghart indicated that he had informed on fellow prisoners nor in any way mistreated them. Further, there was no indication that he revealed or attempted to reveal any military information."

Banghart was accused mainly of taking part in propaganda films, broadcasts and recordings for radio and with writing articles for enemy-sponsored publications.

He was captured Dec. 8, 1950, in Korea while serving with the 25th Infantry Division. He was released in August of 1953 during "Operation Big Switch."

ITALY ALERTS PROVINCES TO RED SABOTAGE

ROME (P)—Warning alerts against Communist-backed disorders flashed today from Premier Antonio Segni's Cabinet to authorities in southern Italian provinces plunged into new misery by the current cold wave.

The orders followed bitter clashes between demonstrators and police yesterday in Foggia, Comiso and other towns in the South. Traditionally poverty stricken, the region has been brought to a new low by the weather.

The government charged the Communists were in the vanguard of the demonstrators, who demanded larger government hand-outs.

Violence In Comiso
The most violent outbreak was at Comiso, a city of 23,000 in south east Sicily. Riot police there laid down a tear gas barrage to break up a demonstration of about 1,000 striking farm workers.

The crowd at Comiso left behind one man dead, 51-year-old Paolo Vitale. Rome's Communist newspaper L'Unita blamed police brutality, but medical authorities on the scene said Vitale apparently died of a seizure while watching the demonstration.

Attempt Attack On City Hall
At Foggia, a key military air base near the spur of the Italian boot, several thousand jobless workers attempted to storm the City Hall and Government Building. Tear gas and fire hoses turned them back, and police arrested 42 "ringleaders, charging most were Communists."

\$250,000 FIRE DESTROYS MART
ALLENTOWN, Pa. (P)—A blaze that sent flames roaring 50 feet into the night air caused an estimated \$250,000 damage to a supermarket in downtown Allentown last night.

The fire apparently started in a warehouse of the Food Fair supermarket at 917-921 Walnut St. about 6:30 p.m. The occupant of a nearby house turned in the first alarm 10 minutes later.

By the time firemen responded to the general alarm the flames had burst through the roof and soon a crowd of approximately 7,500 gathered at the scene.

The flames were fed by flour and other stock stored in the warehouse, spreading quickly to the market itself.

Fire Chief John Butz ordered the evacuation of seven families from nearby apartments, including a semi-invalid, Mrs. Hilda Christman, who had to be carried out and taken to a hospital until able to return to her home.

One fireman, Vincent Doyle, sustained a hand injury.

BROTHERS FINED
Two Gardner R. 1 brothers were fined \$10 and costs Monday by Justice of the Peace James Griest following their arrest early Sunday by State Police on disorderly conduct charges. They are Donald Windmaker, 21, and Ronald Windmaker, 19. Police apprehended them on the Newville Rd. near Carlisle.

PAYS FINE OF \$10
John H. Anzenberger Jr., 327 York St., was charged by borough police with reckless driving and paid a fine of \$10 and costs before Justice of the Peace Robert P. Snyder Saturday.

TIRING

I settled in an easy chair
To have a cup of tea,
And watched the two small
children there.

Henry and Marjorie,
I did not romp upon the floor
Or race with the maudlin,
But when I reached my home
once more
I felt myself worn out.

I never moved from where I sat
Or climbed with them the
stairs.
I merely watched and wondered
that
Such energy was theirs.

I wondered in the long ago,
Before I was a man,
If everywhere I chose to go
From place to place I ran?

Instead of speaking, did I shout?
Did I my sister tease?
I think I did, beyond a doubt,
For children small do these.
But this is what I surely know:
Just watching them at play
When came the time for me
to go
I was more tired than they.

Today's Talk

INCENTIVE

Incentive is one of the most precious gifts from God Himself. With it men and women have written history, risen to heights of power, and over and over again demonstrated that, without it, life is a struggle. People with no incentive merely flounder.

I would define incentive as that secret power within one that enlivens the entire personality, lifting one to high resolves and worthwhile achievements. When it is cultivated who is to prophesy its ultimate end?

The reading of books is a most valuable creator of incentive. The writing of these daily talks owes its origin to the inspiring books I read in my youth, and to the cultivation of people with ideas and a purpose in life.

If we are not born with the incentive to do something useful and profitable, then it should be cultivated. And it can be cultivated!

The late E. W. Howe, the Kansas editor and writer, always contended that success was easier than failure. With incentive this is possible and reasonable. There are guideposts all along the way, with incentive within the will and heart of a man or woman. It is what has made America great.

It's a bad sign when a person gets to the point where he says, "What's the use?" Henry Ford Edison, and an endless number of others had this incentive and it kept driving them happily to their objective. It's the incentive to excel that gives to us all that spiritual lift that is so necessary, no matter what our work in life may be.

It's this incentive, that may come to us at any age, that is so important in our daily lives. With it we keep traveling. We keep going forward. And no matter what we may be engaged in, we are inspired to go on — and on!

Tomorrow Mr. Adams will talk on the subject: "Comebacks."

PROBED LOBBY

7 TIMES; SET FOR 8TH START

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP) — In the past 102 years Congress has investigated lobbying seven times. The result: a lot of bad publicity for lobbyists but no law to control them. Now Congress seems ready to start an eighth investigation.

There is a law requiring lobbyists here to register with Congress and report on their spending. It did not result from an investigation. It was passed without much examination in 1946 when Congress was reorganizing itself.

There is nothing illegal or wrong about lobbying. Every individual or group has a right to try to get Congress to pass the kind of legislation it wants. But lobbying can cross over into the corrupt class by the way money is used to influence voting.

May Be Shadow Box
This is an election year and whether this new inquiry does a real job or shadow-boxes depends on:

(1) The willingness of the full Senate to make an all-out inquiry, an attitude which will be revealed in the authority the Senate gives its committee; and (2) whether the Democrats and Republicans on the committee let their investigation degenerate into a political fight.

The Senate is expected to create a special committee made up equally of Democrats and Republicans.

Investigated In 1854
The first such investigation by Congress was in 1854, when lobbying had become a national disgrace. The last was in 1950 when a House committee, also made up equally of Democrats and Republicans, got involved in intense partisanship.

The chairman of that committee, the late Rep. Frank Buchanan (D-Pa.), described lobbying at the end of the inquiry as a "billion-dollar industry."

Law Without Enforcement
A report by his committee disclosed that 152 corporations spent \$22,124,835 on "activities relating to attempts to influence legislation between 1947 and 1950," although they had reported only \$750,000 under the Lobbying Act of 1946. Thirty companies refused to tell what they spent.

Congress did nothing then to make the Lobbying Act stronger. There are a lot of defects in the present law but the basic one seems to be this: Congress required lobbyists to register with Congress but did not appoint any individual or group to police the law and the lobbyists.

HARDLY AN EMERGENCY
ANNAPOLIS, Md. (AP)—The current 30-day session of the Maryland Legislature is restricted by the constitution to consideration of budgetary problems, acute emergencies and matters pertaining to the public welfare.

The Senate last night passed and sent to the House a bill to prohibit the use of "the term 'unit'" as a standard norm of measure of wood intended for any purpose.

ENTER WAYNESBORO TOURNEY
Three Gettysburg area basketball teams will be among the 25 taking part in the ninth annual Y-HI tournament at Waynesboro the week of March 19. Among those entered are the Gettysburg Collegians, Phi Kappas and Hess Antiques. A team composed of seniors from Mt. St. Mary's College is also entered.

KENTUCKY GETS VANDERBILT BY BROAD MARGIN

By ED WILKS

The Associated Press

When Col. Adolph Rupp of Kentucky said he wanted that Southeastern Conference basketball title, he wasn't just a "whistler." "Dixie."

Nobody ever has doubted Rupp's intentions on a basketball court and won to tell about it, but he put it in black and white last week when he said he wasn't giving much thought to the approaching game with DePaul. DePaul, of course, isn't in the SEC.

So it really wasn't much of a surprise when DePaul "upset" the Wildcats 81-79 last Saturday. The loss dumped Kentucky a notch to eighth in today's Associated Press poll, but Rupp shrugged it off. It was Alabama and Vanderbilt he wanted.

Got Vandy Last Night
They were the clubs threatening his reign in the SEC. Kentucky has failed to take the SEC crown only once since 1943—and that was in 1953 when the Wildcats weren't in business because of NCAA suspension.

Rupp got Vandy last night, by a whopping 21-point margin, 76-55. Vandy, ranked No. 5 in the nation, previously had stunned the Wildcats by eight points. Now the Commodores are virtually out of the SEC race at 10-2 and the only club ahead of Kentucky (10-1) is "Bama," ranked seventh and now 10-0 after beating LSU 77-59 last night.

Warriors At Mechanicsburg Tonight; County Playoffs Start Thursday At College

The Gettysburg High and Junior High cagers wind up their seasons this week with a pair of games each as the scholastic winter sports program nears its finish.

Tonight George Forney and his Warriors (7-11) journey to Mechanicsburg for a South Penn League game and end their season here Friday evening against Hershey in another league affair.

During the first half schedule the Warriors dropped a 53-45 decision to Mechanicsburg on the local floor. The Wildcats will be particularly tough on their home floor.

Top game in the league tonight is the Carlisle-Chambersburg game at Chambersburg. Carlisle, upset by Hershey last week, must win to retain its chance for league honors. Chambersburg has lost two in the second half race and can do no better than a tie. Undeclared Middletown is host to Waynesboro and should win handily. Hanover plays at Hershey Wednesday evening.

This afternoon at 3:30 the Gettysburg Junior High dribblers meet Shippensburg here in a South Penn double-header. They finish their season at Washington Twp. Friday evening.

Opening games in the annual Adams County League Shaughnessy playoffs will be staged Thursday evening on the Gettysburg College floor.

The first game, starting at 6:45 o'clock, pits East Berlin (15-7) against Littlestown (18-6) and the second game Bolling Springs (24-3) against New Oxford (11-9).

Bud Ecker's Bolling Springs quieted down the regular season title for the fourth straight time this season and will now go after its fourth playoff crown. Littlestown, East Berlin and New Oxford finished in that order behind the Bubbler in the league.

Following Thursday's game coaches will meet to decide the date for finals of the playoffs. Winners of Thursday's tilt will meet in the title game while the losers will engage in a consolation game.

Delone Catholic (8-13) has a busy schedule during the next week when three games will be played.

Tonight the Squires play at Lancaster Catholic and return to the home court for games Friday with Mt. Carmel Catholic and Sunday afternoon with York Catholic. All are Central Penn Catholic League affairs.

SYRACUSE IN EASTERN LOOP

SYRACUSE, N. Y. (AP)—Syracuse, a member of the Class AAA International League until its franchise was sold recently to Miami, will continue in organized baseball in the Class A Eastern League.

Joe Reardon, owner of the Elmira franchise in the Eastern League, announced yesterday he was moving his team to Syracuse. Reardon said Glenn (Red) McQuillen, former outfielder for the St. Louis Browns, who piloted Lubbock in the Class B West Texas League last season, will be player-manager of the Syracuse team.

"We have no other players on the roster yet, but we are working on a major league affiliation and have every reason to believe that an announcement will be made in a very short time," Reardon said. He declined to disclose the major league club.

In Williamsport, Pa., Thomas H. Richardson, president of the Eastern League, said he was calling a meeting Saturday in New York to ratify the transfer. He said York and Lancaster were interested in the Elmira franchise but Syracuse's larger population was a big factor in the final decision.

SIMMONS TRIES NEW DELIVERY

CLEARWATER, Fla. (AP)—Former bonus baby Curt Simmons, under the tutelage of pitching coach Whitlow Wyatt, is experimenting with a new delivery in hopes of averting the annual shoulder miseries which have plagued him for the past three years.

The troubled southpaw star of the Philadelphia Phillies arrived in camp two weeks ahead of schedule and immediately began to unlimber his salary wing hopeful that lots of work under the hot sun would erase the soreness from his left shoulder. The 26-year-old Simmons said his arm felt good but added cautiously: "I haven't really tested it yet."

Simmons is unsigned and his showing in camp will have a great deal to do with his 1956 contract. Curt, a better than \$20,000-a-year man, is seeking to avoid a sizeable cut after his 8-3 record last year.

REPERCUSSIONS ON SUSPENSION OF WES SANTEE

By ED CORRIGAN
NEW YORK (AP)—A bitter tempest within the Amateur Athletic Union developed today in the wake of Wes Santee's lifetime suspension.

While the star American miller went about his duties as a Marine lieutenant in Quantico, Va., one of the top officials of the Missouri Valley Section of the AAU accused the organization's Executive Committee of "bungling the case badly."

The Executive Committee found Santee guilty of accepting about \$1,500 in excess of allowed expenses last year and barred him for life.

Rules Violated
"The action was a slap in the face to the Missouri Valley Section," said Registration Committee Chairman Julius Koenigsdorf in Kansas City. "It also violated the AAU bylaws in the process. They state specifically that application to full amateur status can be acted upon only at the annual meeting of the Board of Governors."

He added that he thought Santee was correct in going to court in hopes of reversing the decision. The Missouri Valley Board of Governors cleared Santee of charges of excessive expenses late last year only to have the case reopened by the parent body.

A high-ranking AAU official hit back at Koenigsdorf. The official, who asked that his name not be mentioned, told The Associated Press:

"Derelict In Duty"
"We could have brought Koenigsdorf up on charges too. He was either concealing information from us or he was derelict in his duty. He knew about Santee's expenses."

AAU Secretary-Treasurer Dan Ferris was calm, however. "Koenigsdorf is a good AAU man, and once he sees all the facts of the case, he'll agree with us," Ferris observed.

By way of keeping Santee out of competition, Ferris sent a telegram to all meet promoters warning them they would lose their AAU sanction "forever" if they permitted Santee to run. Ferris admitted he took the action "in case someone should obtain an injunction."

That is exactly what Santee and his attorney Charles P. Grimes plan to do. Grimes, in fact, said he hoped to have the papers drawn up in a few days and get quick results.

CALHOUN WINS ON TKO IN 5TH

NEW YORK (AP)—Undeclared Rory Calhoun has won 18 straight fights, but his handlers are in no particular hurry to push the fine young middleweight prospect.

"We're going slow and easy," said manager Frank Bachman and trainer Charley Goldman today after Rory stopped hard-hitting Angelo Defendis of Brooklyn in five rounds of a lively televised scrap at St. Nicholas Arena last night.

Calhoun, a solidly-built, 23-year-old boxer from White Plains, N. Y., cut Angelo over both eyes, staggered him twice in the fifth round and dropped him for five as the fifth ended.

The bell rang as referee Teddy Martin tolled five over Defendis. Dr. Alexander Schiff signalled to referee Teddy Martin to end what had become a one-sided affair.

Calhoun, 5-9 and 161 pounds, was 3-1 favorite over the 22-year-old, 165-pound Defendis. It was Angelo's second defeat—both to Calhoun—and his first knockout loss. Calhoun, a stiff puncher with either hand, has kayoed nine of his 18 victims.

RATINGS BELOW SAN FRANCISCO ARE SHUFFLED

The Associated Press
San Francisco has all but permanently appropriated the No. 1 spot among the nation's college basketball teams, but the rest of the top 10 underwent a complete reshuffling today in the Associated Press poll.

Three unranked teams rose up to beat foes in the select 10 and the free-wheeling Dons were left as the only undefeated quintet in major college ranks.

Louisville, although upset by Xavier (Ohio), atoned by beating Dayton for the second time this season and knocking the Flyers from the runner-up spot down to fourth.

Illinois moved into second place and Louisville vaulted into third on the ballots of sports writers and broadcasters.

Kentucky's defeat by unranked DePaul dropped the Wildcats down a peg to eighth place. And North Carolina State, after dumping Duke, suffered a damaging loss to unranked Maryland and dropped one spot to sixth.

Vanderbilt moved from sixth to fifth on the strength of victories over Tulane and Tennessee, but the Commodores' tenure may be short-lived after dropping an SEC decision to Kentucky last night 76-55.

Other Changes
Other changes in the top 10 saw North Carolina (No. 9) swap places with Temple (No. 10) and Alabama move to seventh from eighth.

The Dons, sailing along on the wings of an undefeated string of 46 games, amassed 86 first-place votes and a total of 1,301 points. San Francisco now has held the top spot for 16 straight weeks, five from last season.

The Illinois, who accumulated 18 first-place ballots and 1,708 total points on the usual basis of 10 for first, 9 for second, etc., strengthened their second-place spot with a rousing 102-77 victory over Purdue last night.

St. Francis of Brooklyn dropped its first game over the weekend after 18 victories to St. Joseph's (Pa.).

The leaders, with first-place votes in parentheses:
1. San Francisco (86) 1,301
2. Illinois (18) 1,078
3. Louisville (5) 809

7. Alabama (10) 403
8. Kentucky 308

The second 10:

Dunc Fisher of Hershey is third with 71 points, followed by Buffalo's Ken Wharram in fourth with 70. Fisher and Wharram each scored just two points during the week and failed to gain ground on Toppazzini.

Bullets Show Good Form In Lacing Juniata 93-76; At Dickinson Wednesday

Gettysburg College's cagers turned in one of their best performances of the season to trounce Juniata 93-76 Monday evening at Huntingdon. The win lifted the Bullets to an 8-9 record and marked Juniata's seventh setback in 19 starts.

Connecting on 35 of but 62 attempts from the field, the Bullets displayed a potent attack throughout. Frank Capitani enjoyed his best scoring night with 21 points while Al Teti had his second best game of the year with 30 tallies.

Early in the contest the Bullets led 21-17 but eight straight tallies hiked the lead to 29-17 and at half time Coach Bob Davies' lads were in front 50-39.

Indians Threaten

Several times in the last half the Indians pulled to within six points. Gettysburg led at one time 56-50 when Capitani came through with a three-point play. A little later it was 63-57 when Dick Hockenbury landed a foul and missed his second with Joe Bierly tapping the ball through for a goal.

During the waning minutes of the game the Bullets pulled away to win handily.

Both teams gave good performances at the foul line. Gettysburg netting 23 of 30 and Juniata 18 of 22.

Frosh Lose At York

Jake Handzelek, Indian scoring star, topped his team with 22 tallies. The Bullets varsity and freshmen invade Carlisle for a doubleheader with Dickinson Wednesday evening.

Army Cager

Pfc. Kenneth O. Deardorff, 23, son of Mr. and Mrs. Kermit O. Deardorff, 240 Steinwehr Ave., is playing basketball this season for the Fort Hill, Okla., team. Deardorff, assigned to Battery A of the 617th Field Artillery Battalion, entered the Army in January, 1955, and completed basic training at Fort Jackson, S. C. He was graduated in 1954 from Furman University in Greenville, S. C., where he starred on the varsity cag squad. Prior to that he was a top performer for Gettysburg High School and York Junior College.

Johnny Yovicsin's freshmen went to York Monday evening where they dropped an 81-57 decision to York Junior College. After a comparatively close first half, York used its speed and fast break to advance to race away with the verdict in the last half. The loss was the fifth against six wins for the freshmen.

Connecting on 35 of but 62 attempts from the field, the Bullets displayed a potent attack throughout. Frank Capitani enjoyed his best scoring night with 21 points while Al Teti had his second best game of the year with 30 tallies.

BUS BOYCOTT IN MONTGOMERY IS STILL IN FORCE

By REX THOMAS

MONTGOMERY, Ala. (P)—In the face of possible grand jury indictments, Montgomery Negroes continued their bus boycott with new determination today after overwhelmingly rejecting a compromise settlement.

The Montgomery County grand jury was expected to make its final report sometime today climaxing an eight-day investigation of the mass segregation protest now in its 12th week.

Indictments could be returned under an old Alabama law which makes unlawful boycotting punishable by a fine of \$1,000 and six months in jail.

4,000 At Rally

With a solemn vow to "walk on," an offer to end the south's first mass use of economic force in the battle over racial segregation was rejected at a Negro rally last night.

Only two dissenting votes were

cast, said the Rev. Ralph D. Abernathy, chairman of the negotiating committee and pastor of the Negro First Baptist Church.

The Rev. Mr. Abernathy said about 4,000 persons attend the rally.

Representatives of the Montgomery city lines and the city commission previously had agreed to the proposals submitted by a newly formed civic organization, the Men of Montgomery.

Compromise Plan
Conforming to "existing (segregation) laws," the compromise plan proposed that the first 10 seats in the front of each bus be reserved for white passengers and the first 10 seats in the rear for Negroes.

Remaining seats in the center would be filled by Negroes from the rear toward the front and white customers from the front to the rear. Negroes would be promised courteous treatment, and extra buses would be used during peak hours of travel.

Going To Keep Walking
The compromise sought, to assure the Negroes that there would be "no retaliation whatsoever resulting from the bus boycott."

The Rev. Mr. Abernathy said after the meeting, from which newsmen were barred, that Ne-

The club will hold an inter-club oyster and shrimp feed February 29. A round table will be held at Taneytown Inn. Wednesday, February 22, an inter-club meeting has been arranged with the Front Royal club.

Guests at the Ladies Night were Truman Cash, of the Westminster club and two Key Clubbers, Jack Mooney and Lamar Hiltbrich.

"We have walked for 11 weeks in the cold and rain. Now the weather is warming up. Therefore, we will walk on until some better proposals are forthcoming from our city fathers."

TOWN, BOROUGH POLICE PENSION PASSES SENATE

HARRISBURG (P)—The Senate has approved, 40-3, a bill permitting boroughs, towns and townships to establish police pension funds. The measure went back to the House for agreement on a number of amendments.

Republican Sens. Harney (Chester), Madigan (Bradford) and Wade (Cumberland) voted against the measure.

As amended the bill would restrict inauguration of the pension system to municipalities with a police force of four or more members. Payments could not begin before Jan. 1, 1957.

Set Pension

The Senate also amended the bill to set the pension at one half the monthly average pay of the recipient over a 12-month period during his last five years of employment—with benefits received from other government pension funds or federal social security included.

Also passed by the Senate was a bill authorizing the teaching of first aid courses in high school programs. Sen. Hays (D—Centre) cast the lone dissenting vote in the 44-1 tally on grounds that schools already may teach first aid if they so desire.

This measure also went back to the House for agreement on an amendment making the plan optional rather than mandatory for

Kentucky Judge "Scooped" By AP

HAZARD, Ky. (P)—Former Circuit Judge S. M. Ward got "scooped" by the Associated Press.

He said he didn't know he was a candidate for judge of the state court of appeals until he read an A. P. dispatch from Frankfort listing him as a candidate.

"He surmised that friends signed his declaration papers and sent them to the secretary of state."

Plans "To Winter" In Little America

NEW YORK (P)—Chester H. Stevens Jr., photographer 2 C. of Salmon, Pa., is reported planning to remain with a wintering party at Little America.

Stevens was one of seven men rescued after their plane was forced down near the South Pole.

Five of the seven plan to stay on, the New York Times said Saturday in a dispatch from the U.S. Antarctic expedition base at Little America. Two are returning to the United States. The full wintering party consists of 76 Navy volunteers.

Passed unanimously was a bill providing for an additional judge in the Allegheny County Orphans Court. It went to the House.

FORD COMPANY HITS NEW PEAK

DEARBORN, Mich. — Ford Motor Company's production, sales and earnings in 1955 were the highest in its 53-year history, Henry Ford II, president, revealed today. Earnings were \$8.19 per share.

Complete figures on the company's 1955 operations will appear in the first published annual report to Ford Motor Company stockholders, to be distributed during the latter part of March.

Highlights for the year, announced by Mr. Ford today, were:

Net sales in 1955 exceeded \$5 billion for the first time in the company's history — reaching \$5,594,000,000, 38 per cent above 1954 sales.

The company's 1955 net income was \$437,000,000, 82 per cent above net income for 1954.

Total company assets, at December 31, 1955, were \$2,585,300,000, up nearly one-half billion dollars from year end 1954.

Net worth, at December 31, 1955, was \$1,868,200,000, up \$274,900,000 from December 31, 1954.

Provision for U. S. and foreign income taxes in 1955 was \$531,400,000, nearly double the comparable provision for taxes in the previous year.

RICHMOND, Va. (P)—The Virginia Supreme Court says the "exercise of ordinary care and prudence" should be enough to keep a man from falling asleep. Accordingly, the court held that Army Sgt. Dorkin Riggins Jr. couldn't use sleep as a "tailor-made defense to negligence."

Riggins went to sleep while driving his date home from a dance on an Army post and his car ran off the road and hit a tree.

Store Burial Suit For Future Use

BALTIMORE (P)—Police are keeping a grey suit in storage, tagged with a note: "Awaiting an owner."

James A. Barnes told the officers he found the suit, complete with white shirt and tie, in a box behind his house.

He doesn't want it. Presumably, no one in the police station wants it, either.

It's the kind used by undertakers for burial purposes.

trucks in 1955 reached 2,614,558 units, 31 per cent over 1954.

The average number of hourly and salary employees totaled 181,616, and 1955 payrolls amounted to \$1,117,500,000, highest in the company history.

EUROPE'S FOOD STOCKS SHRINK

LONDON (P)—Dwindling food stocks brought fresh misery and the threat of famine to ice-shrouded Europe today. Vegetable prices rocketed as spring crops rotted under a three-week pall of snow.

The known death toll rose to 876 in the worst winter in living memory.

The Seine River was frozen from bank to bank 25 miles south of Paris. The Thames was iced solid outside the grey stone walls of Windsor Castle, where Queen Elizabeth II was weekending after her three-week tour of tropical Nigeria.

In Rome, potato prices doubled to nine cents a pound. Olive oil hit an all-time high of 90 cents a quart.

Eerie fog sirens moaned out over the North Sea as fresh arctic blizzards reduced visibility to a few yards. Road patrols reported traffic conditions in Britain the worst ever and warned motorists to keep off the roads.

DEMOCRATS ARE GRUMBLING AT ADMINISTRATION

WASHINGTON (AP) — Senate and House Democrats grumbled today that the Eisenhower administration has been neglecting to consult Congress before making major foreign policy moves like the tank shipment to Saudi Arabia.

For the moment at least, the issue of the shipment itself took a back seat as some Democrats used it as a springboard for fresh protests over what Sen. Morse (D-Ore) denounced as "a course of foreign policy by secrecy."

But Rep. Judd (R-Minn.), a member of the House Foreign Affairs Committee, said, "I think they've consulted us on all that we have had a right to expect."

Trouble For Dulles
The evident mood of some Democrats indicated that Secretary of State Dulles might be in for a fairly rugged reception when he is called to explain the how and

why of the tank deal, probably later this week.

The House Foreign Affairs Committee chairman, Rep. Richards (D-SC), ripped into the administration which he said "is still of the 19th century vintage opinion that in the foreign affairs field the House is an illegitimate member of the family, and a weak-minded illegitimate son at that."

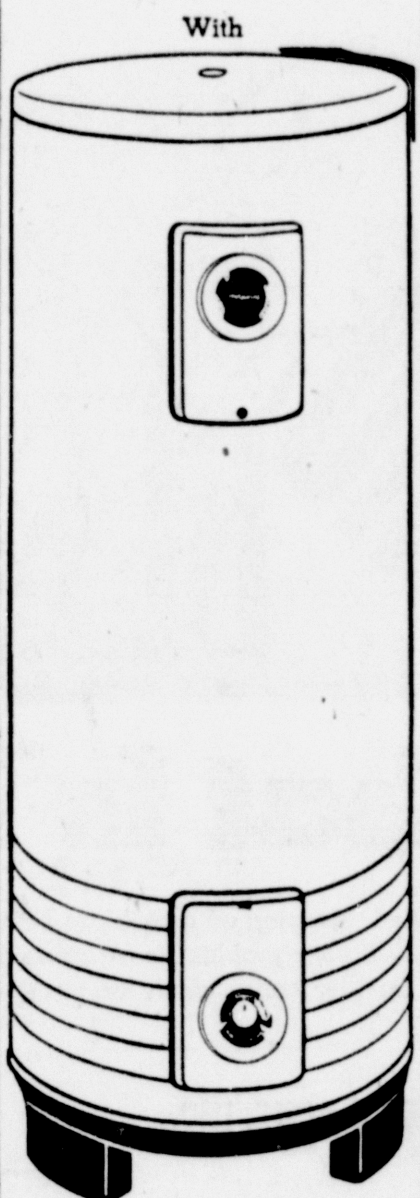

Richards' outburst brought to the surface a latent resentment over what he says is an administration tendency to look to the Senate in consultation on foreign policy matters. He said he knew nothing about a Saturday decision to lift a brief embargo on all arms shipment to the troubled Middle East. "As far as I know," he added, "none of the House leaders were consulted in advance either."

18 More On Order
Senators Sparkman (D-Ala) and Morse said the Senate Foreign Relations Committee was ignored too, and that Chairman George (D-Ga) wasn't notified of the original plans to send 18 light tanks to Saudi Arabia. They said George was told only when the administration ordered the tanks shipped after a restudy of the situation. Sparkman and Morse serve on George's committee.

The department said the tanks, described as intended for training purposes, would not contribute to an arms race in the Middle East. Yesterday, diplomatic officials disclosed Saudi Arabia has on order 18 more tanks, bigger and more heavily armed than the ones already shipped.

HOMEECONOMICS PAYS OFF AT HOME, AT WORK

By CECILY BROWNSTONE
The Associated Press

"Girls who study home economics at college have a fine chance of doing well both in business and in managing their own homes," says Carol Brock, hostess editor of a woman's magazine (Good Housekeeping).

Carol, a striking blonde with a merry disposition, likes her career—woman plus wife-and-mother role so well that she urges other young women to consider going into the home economics field.

"Sometimes I can't believe it's possible to have a job like mine and get paid for it!" Carol told me as she outlined part of her work—planning and running some of the daily luncheons for the magazine's editors and their guests. The guests may be a group of college seniors or, as they were recently, a couple from Mansfield, Ohio, who won one of the magazine's contests. They may be the Duke of Windsor or Margaret Truman. But nothing floors Carol. She fed the Duke a thoroughly American combination of chicken over rice with a canned cream-of-mushroom soup sauce (seasoned with onion and thyme) and he lapped it up. Miss Truman enjoyed a special ham dish and a Bavarian Pie with a Coconut Crust.

Had No Experience
Although Carol Brock had no previous job experience before her present position, the fact that she did have college training in home economics opened the magazine's door to her. "What I lacked in experience, I made up in enthusiasm!" she laughingly confesses.

Carol's home economics subjects at college ranged through child psychology and family relations, kitchen planning, managing a budget and food preparation. "What other course could give you so much knowledge of and experience in homemaking?" asks Carol, who married about the time she graduated from college.

A course in work simplification has been a big help to Carol, too, in looking after her own home and

family as well as in doing her job. She admits, however, that two big aids to work simplification at home are her husband and her mother. When they married, Carol's groom solemnly promised "to love, honor and take care of the dishes." Carol's mother takes care of the Brock baby when usual arrangements go amiss.

Likes Creative Projects
Plus work at the magazine offices every day, Carol cooks dinner every night. Over the weekend she takes entire care of her baby and her household. She and her husband are always at work on a do-it-yourself project such as making attractive screens from old Venetian blinds. Once a week or so the Brocks entertain and, as you would expect, the food is well-planned, the service smooth and the atmosphere relaxing.

The Brocks like to ask their friends over for after-dinner coffee and dessert. Sunday night supper is another favorite time for having guests. One of Carol's favorite menus and two of her recipes follow:

SUNDAY NIGHT SUPPER
Corned Beef Hash, Buffet Style
Snap Beans Parmesan
Seeded French Bread
Almond Fruit Compote
Coconut Macaroons
Coffee

**CORNER BEEF HASH,
BUFFET STYLE**

Ingredients: 1/4 cup butter or margarine, 3 cans (1 pound each) corned beef hash, 1/2 cup light cream, 16 deviled-egg halves (seasoned with curry powder), chili sauce.

Method: Melt butter in baking

dish (12 by 8 by 2 inches) while pre-heating oven. Spread corned beef hash evenly over melted butter. Pour cream over hash. Bake in hot (400 degrees) oven 35 minutes. Arrange deviled-egg halves, filled side up, over hash. Heat chili sauce; pass chili sauce with corned beef hash and eggs. Makes 8 servings.

ALMOND FRUIT COMPOTE
Choose canned peaches, fresh raspberries and seedless grapes for this compote. Or else combine canned whole apricots, drained canned Bing cherries and frozen pineapple chunks. Chill the fruit and sprinkle with silvered toasted almonds just before serving.

ADVICE TO COLLEGE GIRLS
One word of advice from Carol Brock to any young girl who decides in favor of a home economics career. Take part in as many extra-curricular activities at college as you can; they'll give you invaluable experience for a later job. Carol herself worked on quantity cooking projects, helped with baking sales and belonged to a dramatic group at college. She is the new chairman of the New York Home Economics Women in Business — a group that numbers almost 400 members. Carol is so enthusiastic about home economics as a career, she wants to do her bit to see that the field continues to be a fine one for all the young women who enter it.

Thin rings, cut from both red and white onions, make a pretty garnish for salads. They add good taste, too!

DIET, CARE, CLEANLINESS AFFECT SKIN

By VIVIAN BROWN
The Associated Press

Youngsters often are tortured by unsightly blemishes at the time of their first date.

Medical care may be sought to help disturbed skin. Young people often will take professional advice rather than that offered by well-meaning family, relatives and friends.

Disturbed skins are usually excessively oily. And diet plays a part in controlling overly-active skin lands, which can cause pimples, blackheads, enlarged pores. Youthful skin is likely to become firmer and coarser, we are told, and normal bacteria present can kick up a fuss on an epidermis already weakened by infection.

Formula While Taking Treatments

What to do while you follow the doctor's treatment? Do you have to give up dates and dancing?

Most young people manage to conceal minor blemishes while treating them. One medicated stick containing hexachlorophene, the antiseptic that fights surface skin bacteria, may be coated over tiny blemishes so that they aren't noticeable when makeup is applied. You'll want to be careful about makeup though. If the doctor hasn't prescribed a special cleanser, use one of the medicated cream masks to cleanse away oil and grime. Work it into the skin gently, then wash it away with a clean cloth or sponge. Apply a medicated lotion before going to bed, and before applying powder.

Emphasize Cleanliness
Cleanliness is important if you must use makeup during this period. Use fresh cotton in applying powder to the skin. Skip rouge. Beware of quacks who offer you new skin for the old with new gadgets and machines. If x-ray is recommended, it is best to consult your personal physician before you submit to it. Many a skin with a few small blemishes has been ruined because some so-called skin doctor worked his get-rich-quick scheme on a poor girl, leaving permanent scars to remind her of her foolishness.

Most physicians will advise that giving up an overabundance of sweets, starches, fried foods, nuts and some fatty meats, so appealing to youth, will help clear up young skin in jiffy time. Fresh fruit, vegetables and lean meats are recommended usually during this period. Outdoor exercise and lots of water are two other suggestions to help the skin.

New Educational Need Is Outlined

EAST LANSING, Mich. (AP) — Shifting populations, the lengthening life span and automation will cause demands for new types of adult education, educators were told at Michigan State University.

Ernest A. Lowe, of the University of Georgia, told a convention of land grant colleges and universities, "From 1940 to 1950 approximately four million persons left farms of the South. . . . They seek university services in working out health, recreation and educational problems."

Dr. Baldwin M. Woods, director of extension at the University of California, predicted the extra 25 years of life now possible compared to 25 years ago will call for a boost in adult education programs.

"As automation tightens its grip on the American way of life, our urgent concern will be programs for major personnel adjustments," said E. L. Keller, Pennsylvania State University extension director.

CHARLESTON, W. Va. (AP) — The gal in the theater's ticket window called the cops and told them a young ruffian had called her names and threatened her with a knife when she wouldn't give him a free ticket.

Police came on the double to apprehend the offender—a 6-year-old. He was turned over to juvenile authorities.

SENATE READY TO PROBE RIOTS AT IDLED PLANTS

HARRISBURG (AP) — The Senate stood ready to vote today on a proposal to send a three-member committee to investigate reports of rioting and property damage at the Westinghouse Electric Corporation's idled plants at Sharon and Greenville.

The proposal was ready for a Senate floor vote after Democrats last night blocked immediate consideration of the resolution offered by Senate Republican Leader Mahany.

Under Senate rules, unanimous consent is required to bring a resolution to a vote on the day it is introduced.

The Republican-dominated Committee on State Government, however, gave the resolution immediate approval in a voice vote. Chairman Diehm (R—Lancaster) said GOP members approved and Democrats dissented.

Mahany's resolution calls for "a thorough and impartial investigation by three senators to be named by the president pro tempore to determine whether all means have been taken to preserve property and lives."

SAYS GOP HAS WHIP HAND IN "TAX PACKAGE"

HARRISBURG (AP)—House Republicans held the key today to the destiny of a 360 million dollar bipartisan income-sales tax compromise.

House Democratic Leader Readlinger said "upwards of 90" Democrats were ready to ballot during the day for the principal component of the package—a 2 per cent personal net income tax.

"If Republicans supply 15 or more votes—and I'm confident they will—the program will be passed by the House and sent to the Senate," he told a newsmen.

A minimum of 106 votes is needed to pass a bill in the House.

Readlinger said the tax package will be called up for a final vote late in the day.

House Republicans called another caucus in advance of the roll call to discuss once again a package set up by both Republicans and Democrats nearly three weeks ago to break the commonwealth's 13-month tax stalemate.

Oppose Stalemate

House Republican Leader Smith wouldn't commit himself on the compromise which he helped to frame two weeks ago.

After yesterday's caucus, he indicated there were between 5 and 10 votes for the income tax but only about two-thirds of the GOP delegation was on hand for that session.

"We didn't take a roll call in the caucus but the idea of rejecting the package as a whole was definitely opposed," Smith said.

Democrats are taking responsibility of putting up the bulk of the votes for the income tax.

The Republicans are doing the same for a 2 per cent sales tax on

selected items confined principally to luxuries and durable goods and for a 2 per cent levy on food and drink sold by restaurants, taprooms and clubs and lodging by hotels and motels.

Two Ore Excused

Both Readlinger and Smith seemed to agree that if the 150 million dollar income tax passes the House, the sales levy also would pass to raise 119 millions.

The gross receipts levy on meals, drinks and lodging may be revised to remove objections being raised by clubs.

The House GOP caucus yesterday excused Smith and Rep. Kent (R-Crawford) from voting on the tax package although they were members of an eight-man committee that drafted it.

Smith and Kent are the Republican organization candidates for auditor general and state treasurer, respectively.

Would Help Ticket

GOP lawmakers, who themselves come up for re-election this year, apparently felt the statewide ticket would be helped if Smith and Kent were excused from voting on taxes.

Politics took top priority in the activity of most legislators. The deadline for filing nomination petitions for the April 24 primary election expired yesterday.

All 210 House seats will be filled in November and half of the 50-seat State Senate.

Readlinger, who said he planned a major speech on taxes before the final roll call on the tax compromise, said the alternative to the program is something "a lot worse."

He alluded to a 3 per cent sales tax plan which is being drummed up again in the Republican-controlled Senate.

Await House Action

Sen. Schmidt (D-Allegheny) offered a motion—and then withdrew it—to revive the sales tax as a means of paying the commonwealth's obligations for school operations.

Senate Democratic Leader Dent persuaded Schmidt to back down on his motion until the House disposes of the tax compromise.

Readlinger was asked what he thought about the changes of the tax compromise in the Senate should it pass the House.

"If we can get five or six Republicans to see the light, then we'll pass it there, too."

He said he will tell House members in his speech that refusing

Auctioneer Will Oppose Duff For GOP Senate Nomination; One Woman Seeks State Office

HARRISBURG (AP) — Four out of five party-backed Republican candidates for statewide office faced opposition today in the April 24 primary election.

The opposition isn't organized. It stems principally from Republican independents, and their number could be reduced by withdrawals between now and the Feb. 27 deadline.

The only organization-supported candidate assured of entering the Nov. 6 general election campaign is Rep. Robert F. Kent (R-Crawford) seeking the state treasurer'ship.

On the Democratic side, former Mayor Joseph S. Clark Jr., Philadelphia, is unopposed for the nomination for U. S. senator.

So is Francis R. Smith, Philadelphia, state insurance commissioner, for auditor general, and James W. Knox, Allegheny County controller, for state treasurer.

More Than 1,700 File
The more than 1,700 nomination petitions filed prior to the expiration of the deadline yesterday saw U. S. Sen. James H. Duff opposed for the GOP nomination by Paul E. Sanger, Lebanon County auctioneer.

State Treasurer Weldon B. Heyburn withdrew his opposition to Duff and didn't file petitions. He said fellow GOP leaders asked him to withdraw to prevent "confusion in our party" during a presidential year.

Aud. Gen. Charles R. Barber also decided against filing nomination petitions for state treasurer. He said lack of funds prevented him from entering a fight against Kent.

Miss Anna Afton, Brosville R. D. 4, became the only woman to file for statewide office. Her opposition is directed at Rep. Charles C. Smith (R-Phila.), Republican candidate for auditor general.

3 On Top Ballot
The names of three candidates will appear on the Pennsylvania presidential preference ballot. Filed were petitions in behalf of Sen. William F. Knowland (R-Calif.)

who declined comment at Washington but interposed no objection to the action.

His name will appear with that of President Eisenhower whose candidacy was advanced by the state GOP organization.

Adlai Stevenson's name was submitted last Friday and is the only Democrat on the list.

Permission of the candidates is not required. The vote is actually a popularity contest. The results are not binding on the delegates.

Bureau Is Swamped
The State Elections Bureau was so swamped with last-day filings that it put off until today the processing of about 500 petitions. More than 1,200 were tabulated up until midnight last night before the staff gave up until morning.

That development precluded a survey of the congressional and legislative picture to determine how many incumbents face opposition or who has declined to run again.

Petitions were filed at the state level for statewide offices, Congress, House, Senate, delegates to the Republican and Democratic national conventions and members of the state committees of both parties.

Court Battle
Both Republican and Democratic candidates for justice of the State Supreme Court face opposition at the primary as a result of last day filings.

Judge Henry C. O'Brien of Allegheny County filed GOP petitions against Judge Benjamin R. Jones of Luzerne County, the organization candidate.

On the Democratic side, the slated candidate, Atty. Gen. Herbert B. Cohen, York, is opposed by Judge Vincent J. Dalton of Schuylkill County.

The seat is now held by Chief Justice Horace Stern whose 21-year term expires next January.

Benjamin L. Long, House chief clerk, filed for both the Republican and Democratic nominations for the State Superior Court. He is a Philadelphia Democrat.

Philip Carr, Uniontown, is the Democratic organization candidate for State Superior Court.

In addition to Long, there are three other candidates for the GOP Superior Court nomination.

They are G. Harold Watkins, Frackville, the organization candidate, and these independents: Andrew J. Gleason, Johnstown, and Edward H. Furia, Philadelphia.

Police Force Gets Juvenile Recruit
WAKEFIELD, Mich. (AP) — Michigan state police, campaigning to recruit 200 new troopers, got this application:

"My name is Randy Seppala, 7 years old, of Mass. Mich. I want to join the Michigan state police."

Police said Randy's application will be considered — in 1969.

Evidence Supports Swordfish Legend

BUXTON, N. C. (AP) — Ray Scarborough found the sword of a swordfish in a piece of eight-inch piling and thereby lent some credence to an ancient legend.

The legend has it that wooden ships sailing into the harbour used to be attacked by swordfish. Sailors would exhibit holes and sometimes bits of the sword to prove their story.

The part of fish left in the piling, Scarborough found is about eight inches long.

may in a very real and deeper sense need to see Jesus." He concluded his message with a prayer.

The worship was conducted by the host pastor, the Rev. Porter W. Seiwel, who gave the invocation, offered prayer and pronounced the benediction. The Scripture was read by the Rev. Mr. Karns. The Senior Choir sang an anthem, accompanied on the organ by Mrs. George A. Stonieser, who presided at the console throughout the worship.

Tunes Business To Slower Type Traffic

WAUKESHA, Wis. (AP) — William Landsberg's place of business, like the three busy highways that intersect in front of it, is humming these days. But it's tuned to a far slower kind of traffic.

Landsberg is a horse equipment dealer, and his trade is better than ever.

"Before automobiles," he says, "only the wealthy could afford horses for pleasure. Today the working man and his children have taken up riding and the harness business is becoming more popular."

He opened his store in 1926. To give the right atmosphere he bought up scores of old carriages from wealthy families and still has many of them scattered around the grounds. He has in his possession a horse-drawn station wagon built 75 years ago, a chuck wagon, a western coach, top buggies, sleighs, racing carts, cutters, assorted carriages and a collection of 300 horse bits.

"The horse," Landsberg says, "is here to stay."

BY THE TON
RICHMOND, Va. (AP) — Virginia's Selective Service officials have sold approximately 100 tons of draft records for \$11.15 per ton. The records filled 1,016 four-drawer office files and covered draft records from 1940 through 1947.

Members of the Littlestown Lions Club will meet this evening at 7:30 o'clock at the J. W. Little and Son Funeral Home for the viewing of William S. Menges, who was a charter member of the club.

LIBRARIAN FOILS QUAKERS' FIGHT

PHILADELPHIA (AP) — A group of Quakers asserted on Sunday that an "arrogant and presumptuous minority" has kept Mrs. Mary Knowles from being fired as librarian in the Quaker operated Jeanes Library at nearby Plymouth Meeting.

The declaration was made in an appeal for dismissal of Mrs. Knowles from her post.

She has refused to sign a Pennsylvania loyalty oath and was fired from a previous position because she invoked the Fifth Amendment in refusing to answer questions about possible Communist affiliation put to her by a Senate Internal Security subcommittee.

Sign Statement
More than 60 Quakers signed the statement which declared that "every American should be glad to declare allegiance to this country and to cooperate with the government which the people freely choose."

The group said that more than 60 of the 108 adult members of the Plymouth Meeting Friends (Quakers) have asked that Mrs. Knowles be dismissed from her post. But, continued the statement, the library committee is "dominated by her friends and refuses to act."

BY THE TON
RICHMOND, Va. (AP) — Virginia's Selective Service officials have sold approximately 100 tons of draft records for \$11.15 per ton. The records filled 1,016 four-drawer office files and covered draft records from 1940 through 1947.

Members of the Littlestown Lions Club will meet this evening at 7:30 o'clock at the J. W. Little and Son Funeral Home for the viewing of William S. Menges, who was a charter member of the club.

Mr. and Mrs. Paul E. Bowers, 120 Lincolnway West, Chambersburg, announce the birth of a son on February 16. Mrs. Bowers is the former Shirley Ann Plank, Aspers, and he is the son of Mr. and Mrs. Paul H. Bowers, N. Queen St.

James Cree, Bainbridge, spent the weekend at the home of Mr. and Mrs. Felix P. Lawrence, Prince St. Sunday guests of the Lawrences were his sister, Mrs. Edith Sneeringer, and daughter, Pauline, and Mr. and Mrs. John Sneeringer and daughter, Jean Marie, all of Irishstown.

MOST CHILDREN OUTGROW COLD SUSCEPTIBILITY

By DOROTHY V. WHIPPLE M.D.
The Associated Press

"What can we do with that child he no sooner gets over one cold than he comes down with a fresh one. I try to take good care of him, but something I'm doing must be wrong. Can you help us, doctor?"

Mrs. Smithers was an intelligent, conscientious woman. I knew that she went to a lot of trouble to do what she felt was right for Sam. Sam was three, going on four. He was a bright, perky little fellow, about average size for his

years. His nutrition was good, his bones were straight and strong, well covered with healthy muscles and about the right amount of fat. He did, however, look a little pale. His lips and his fingernails lacked the deep rosy color I like to see. (A blood count later confirmed this observation — Sam had a mild anemia.) The rest of Sam's physical examination was quite normal. His nose and throat showed no abnormalities, his sinuses (those that were developed at age three) were clean and normal, there was no obstruction in the nose. Sam's tonsils were rather large but they were smooth and healthy. He breathed with his mouth closed.

Not The Solution

As I examined Sam's tonsils I answered the look on his mother's face. "No, Mrs. Smithers, removing his tonsils will not help a bit. These are healthy, useful organs.

Sam is better off with them right where they are."

I inquired about Sam's diet and his sleeping schedule. It was pretty good although Sam was a little over fond of milk and as a result ate less meat and vegetables than might be considered desirable.

Sam got a 12 hour night's sleep and at least an hour's nap a day — couldn't ask for much better than this.

Mrs. Smithers saw to it that Sam was outdoors in the fresh air as much as possible, that he didn't sit on damp ground nor get his feet wet. She tried to dress him so that he was warm enough but not so hot he was moist from perspiration.

All in all there was mighty little one could find to account for Sam's susceptibility to colds.

I made some suggestions about the mild anemia. Sam should be permitted only three glasses of milk a day (instead of the 6 he was drinking). This in itself would probably increase his appetite for the other foods and cure the anemia. However, to increase his hemoglobin a little faster I prescribed an iron tonic for a short time.

While it's desirable to correct Sam's mild anemia, I had no expectation that this was likely to perform any miracle and eliminate his colds.

Matures Beyond Susceptibility

What's the answer? It's not too satisfactory but it's all we have. Continue doing exactly what you are doing. Keep Sam healthy, and in a few years time he will have matured beyond the period of extreme susceptibility to colds.

Some children are more susceptible to colds than are others, but all little children are more susceptible than they will be later on. We build up some immunity as we live in contact with other people. Goodness knows these immunities are not perfect since we all get some colds throughout our lives, but most children have to live through a time when their resistance seems about zero.

Someday we may learn how to give children a resistance to colds without living through this trying period. At present we don't have the answer. Removing tonsils, draining sinuses, helps only if there is disease in these areas. Pouring in vitamins helps only if the child's food consumption is not adequate for these factors. "Cold shots," at least in my experience, have little value.

ADVERTISE IN THE TIMES

Observe Anniversary

A surprise dinner was held Saturday at Bankert's Restaurant, R. 1, in honor of Mr. and Mrs. Guy B. Plank, Hanover, on the occasion of their 40th wedding anniversary. Mrs. Plank is the former Miss Nancy Viola Keller, daughter of the late Harry and Jennie Keller, of Arendtsville. Mr. Plank has been employed by the Western Maryland Railroad for 28 years.

Guests included the following: Rev. E. Mahlon Clarke, pastor of Flohr's Lutheran Church, McKnightstown, and Mrs. Clarke, Mr.

and Mrs. Paul Keller, Chambersburg; Mr. and Mrs. Leslie Keller, Bendersville; Mr. and Mrs. C. Lehman Weaver, Hershey; Mr. and Mrs. Clifford Settle, Biglerville; Mrs. Gladys Currens, Aspers; Mr. and Mrs. Cover Woerner and sons, Wayne and Harold, Orrtanna, and Mr. and Mrs. George R. Wolff, Towson, Md., the couple's son-in-law and daughter, and their children, Monica and Christopher Wolff.

The celebrants received numerous gifts.

PORT MYERS, Fla. (AP) — Sunny Jim Fitzsimmons, famous as the trainer of Nashua, visited owner-breeder Ogden Phipps here and went fishing for the first time in his life.

The 81-year-old trainer caught a 10-pound black bass. His son, John, says, "Pop didn't go for any more after that big one. He said he wanted to quit a winner."

TWO BAG ONE BEAR

WEST POINT, Va. (AP) — James A. Hand killed the first bear bagged in King William County in more than 50 years. When his dogs barked he grabbed a .22 rifle (not recommended for bear) and shot the 250-pound bear in the neck. It bit him in the leg. While he was clubbing it with the rifle butt, a friend killed the bear with a shotgun.

OFFERS HINTS FOR SHY TYPES

The Associated Press

Even in leap year you can't ask or even imply marriage.

Young men are doing their own choosing these days and a good way to scare them away, they admit, is to look expectant.

One popular man-about-campus thinks the average girl is too confident, aggressive, determined as it is — one reason why he'll not propose any time soon, he says.

Looks For Shy-Violet

"It's the shy-violet type I am looking for, but where will you ever meet a girl who depends on a man in this day and age?"

There are lots of shy-violet types, the only trouble is that they aren't all in a position to meet young men. They are not the blunders, the speak-first in class type, the taught not to encourage strangers. But our shy-violet seeker says "not true. There are hundreds of ways a quiet type can meet nice boys."

"How" is the next question and he replies by offering these suggestions. Pretty good ideas, ac-

ording to girls who've looked over the list. Try one or more in 1956 if you haven't before this and good casting to you.

Where To Meet Beau

You can meet him . . .

1. At the library. . . Lots of opportunity there he says. If shelves are high, ask him to reach for that book. Or perhaps you've left your glasses home, a good reason to ask him to help locate a book for you.

2. At the co-op . . . Ask him to help you select something for father, brother or friend.

3. On a committee — Soliciting funds or contributing time to local community chest, school or library projects.

4. School Cafeteria — Waiting on table is a good way to make friends. Or sharing a table over a ham sandwich is another.

5. At sports arena — Ask questions of a stranger if you like — it's accepted. Even the hero's autograph might be sought for a young nephew if it is the hero of the game who captures your imagination.

6. Playshop groups — Acting, directing or stage setting are great friendship makers.

7. Having Fun — You might meet him at the riding stable, golf

course, tennis courts, swimming pool, ski hill, ice rink, fishing camp or what have you.

8. Courses in Hobbies — Photography, painting, sculpting, wood carving or any of the other hobby courses.

9. Vacation Spots — Student tours, cruises, weekend resort buses or train trips.

10. On a job — Weekend or part-time jobs frequently offer many opportunities to meet the man of your dreams, our male informant tells us. He suggests work in local stores, hospitals, library, etc., as good opportunities for corraling a male.

Get Out In Open

The implication of this list is that you can't meet a man if you hibernate. Get out where you can meet him and then be in a position to hold a conversation with him. It's as simple as that.

FOOTBALL ANTENNAS

MORGANTOWN, W. Va. (AP) — Bruce Bosley, West Virginia University's All-Southern Conference tackle, spends his spare time installing television antennas for spending money. The 220-pound ace was named the conference football player of the year for his performance the past season.

Standing Room Is Taboo In Korea

SEOUL — You now can get a seat in a Korean movie theater, hitherto an almost unheard of state of affairs. Formerly there were howling, squalling, shoving, tugging crowds, with all seats taken even when you got inside.

The trouble was theater managers: 1. Sold far more tickets than they had seats. 2. Paid their bills with free passes. 3. Issued passes to politicians and all their relatives.

Recently, President Syngman Rhee told a newspaper he thought managers should stop 1, 2 and 3 instantly.

Police took the hint. They showed up at all theaters to see that managers stopped item 1. And they confiscated passes as fast as they were presented.

Woman Driver Gets "Another Chance"

TULSA, Okla. — While driving to town to report for work, Tulsa police detective Walter Turner noticed a wheel on the car ahead was badly out of line. He honked and waved at the woman motorist.

A man
to
remember

The famous Gilbert Stuart portrait of our first President, above, was not completed.

Our Nation, to which George Washington himself gave so much, may well be likened to an unfinished masterpiece. Starting with the splendid pattern formed by the great Americans of the past, we are always mindful that we can achieve greater perfection.

As Americans receive inspiration from the vision and integrity of the Father of his Country, we draw ever nearer to the goal.
